PHYSICAL LEVEL 4:

All our tours feature a physical rating to help you select the right holiday for you. To travel on any of our tours requires unaided mobility and the ability to stroll around the sights.

‘Mongolia & the Naadam Festival’ is rated as a **physical level 4** tour. A good level of fitness is required as you need to be comfortable walking for 2-3 hours and covering longer distances. As a whole, this itinerary requires a high level of fitness involving hiking and travelling to remote areas where tourist facilities are less developed.

You’ll be getting on and off coaches, walking around the sights and climbing some steps. Travelling in Mongolia is both rewarding and challenging because of the lack of basic infrastructure, such as roads or a transportation system. This tour covers a vast distance and reaching the sites involves travelling through areas of Mongolia which are barren, remote and without any modern facilities.

- There will be long periods of walking whilst sightseeing, often on steep or uneven ground.
- There are hiking opportunities in Khongoryn Els sand dunes, Gorkhi Terej National Park and at Baga Gazriin Chuluu, these normally involve approximately 2 hours on foot. There will not be sealed paths or stairs built in these areas. You do not need to train or be fit for this itinerary, but you will need to be able to complete these activities independently.
- There are long days of driving on rough unsealed roads or tracks, a few days will involve driving for over 8 hours.
- Outside of Ulaanbaatar your accommodation will be in Ger Camps.

Of course, our National Escorts and local guides will always endeavour to provide the highest level of service and assistance; however, they cannot be expected to cater for customers who are unfit to complete the itinerary. If you require any more information about the pace of the tours, please contact our reservations team who will be happy to answer your questions.

Please note the visa procedures and requirements may change at any time. These changes are often made by the relevant embassy or consulate.

Wendy Wu acts as a third party and has no influence on the process of a visa. Wendy Wu Tours does not accept responsibility for lost or undelivered items.

All information with regards to visas will be updated regularly on our website as we find visas process' are changing on regular basis.

INSURANCE:

It is a condition of booking with us that you take out suitable travel insurance. You must provide us with the name of your insurer, policy number and their 24 hour emergency contact number when you book with us or as soon as possible thereafter. These details will be available to your national escort should they be required. Wendy Wu Tours will not be liable for any costs incurred by you due to your failure to take out suitable travel insurance from the date of booking.

EATING IN MONGOLIA:

The combination of vast barren plains and nomadic lifestyle has created a unique culinary tradition in Mongolia, which you will have the opportunity to experience on your tour. All meals (excluding drinks) are included in our Mongolian & the Naadam Festival group tour, from the groups' arrival until the groups' day of departure.

While staying in Ulaanbaatar, the breakfast will contain a mixture of local and western-style dishes, served buffet and set styles. During the Naadam Festival and most days of driving in the countryside, you will be provided with a 'picnic box' lunch. All other meals will be served in restaurants located in Ulaanbaatar or at the Ger camps.

Food in Mongolia tends to be simple, as they have limited ingredients, such as mutton (used in a variety of ways), beef, potato, cucumber, tomato, onion, carrot and sheep's milk. People on restricted or vegetarian diets can be catered for on a limited basis with foods such as noodles, rice and steamed vegetables. Please contact us to discuss this if you are concerned.

DEVELOPMENT IN MONGOLIA:

Although Mongolia is developing quickly, it still lacks the international standards of civil infrastructure and tourist facilities. Concepts of personal responsibility are also different to those in the UK. Consequently, tourist and public facilities may not uphold the same safety standards as in the UK; for example, you may see a hole in the road without a warning sign or safety barricade. All of our suppliers meet local safety standards as a minimum. We want you to have an enjoyable holiday so we ask that you take extra care, use your common sense, refer to notices and follow advice from your National Escort or Local Guides.

Wendy Wu Tours and our partners in Mongolia use our local knowledge to design our itineraries to provide the best paced sightseeing possible. However, we ask that you keep in mind that public holidays, road construction and weather conditions can create traffic congestion or interfere with the itinerary set out here. Your National Escort will do their utmost to avoid problems but cannot guarantee against delays, changes or – in rare cases – cancellations of sections of your itinerary.

Mongolia continues to amaze, fascinate and thrill our customers, many of whom have travelled to more and more areas of this wonderful region with us, year after year. We urge you to keep in mind all the rewards, as well as the challenges, of travelling in a developing country. Almost everything will be different to what you may be used to. A typical day of sightseeing may include breathtaking views, long hours of driving, the hospitality of the traditional nomadic Ger and a more basic level of accommodation. Travelling in Mongolia requires patience, a sense of humour and an adventurous attitude towards exploring a country that is unspoilt, remote and endlessly fascinating.

There is a low level of English spoken throughout Mongolia so the Local Guides or National Escort will be indispensable during your trip.

ACCOMMODATION:

Your accommodation has been selected for convenience of location, comfort or character. In remote areas, accommodation may be of a lower standard and may not have western amenities. Hotels are generally rated as local three to four-star standard, but do please note that there is no international classification system for hotels and differences in facilities and quality do exist between the UK and Mongolia. If you experience any difficulty, please speak to your National Guide.

The group tour hotel in Ulaanbaatar has private western bathroom facilities, air conditioning, TV and a telephone. Plumbing and electricity supplies can be erratic and quite often the power in hotel rooms is turned off while guests are out of the room.

Hotels - Check-out time in Mongolia is 12:00. Please keep this in mind on the days when you are travelling between cities as it may result in a delay of access to your room or a change of itinerary to allow for this delay. Our office in Mongolia will inform the hotels of your expected arrival time, but occasional delays due to last night's guests checking out at midday are beyond our control.

Ger camps - Gers are the traditional home of nomads across Mongolia. They are made from a wooden frame and layers of felt and canvas erected on a wooden platform. The interior is filled with warm fabrics and furs as well as ornate wooden furniture. Ideally suited to Mongolia's nomadic way of life and harsh weather, the Ger has been the most popular dwelling for hundreds of years. Gers are also known by the Russian name 'yurt'. Each Ger will consist of two or three single wooden beds, linen, and a stove for heating purposes, a thick blanket, one electrical socket and a low bearing table and chairs.

Please note that your accommodation at the ger camps is in traditional gers, with shared facilities.

The supply of electricity is limited, as is the supply of hot water. Showers are available, however the camp may have enough power to heat water for five or six people only, so the members of your group should keep this in mind and plan ahead for showers. It is recommended to advise staff at least an hour before you intend to shower as hot water will need to be boiled for you.

Cafes and communal areas are also located within the camp grounds. Most of the Ger camps we use will also have a laundry service available, at a small additional cost. Staying in a Ger will allow you to experience the most unique and intrinsic aspect of the nomadic life in Mongolia. Although they are not luxurious, they do offer comfortable accommodation while we travel through the most remote regions of the country.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs so we include some stops at museums or exhibitions that demonstrates a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone so we aim to take you to places that hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance

TIPPING POLICY:

Tipping while on holiday is common in most parts of the world and Mongolia is no exception. However, it is not always clear who it is appropriate to tip and how much. Furthermore, travellers may not have the right amounts of cash available at the right time. In order to avoid any inconvenience Wendy Wu Tours operates a tipping policy where a stated amount (USD\$120) is given to your national escort at the beginning of your tour and tips are disbursed amongst your main service providers (for example local guides, drivers and hotel porters) throughout your tour. The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the national escort. Any other tipping, such as waiters or bathroom attendants is at your discretion based on satisfaction of services received, as are gratuities for additional requested special services.

We generally find that most customers appreciate the convenience of our tipping policy but we do recognize that it may not suit everyone. However, as this is a group tour we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour

TRANSPORT:

There is more than 20,000km of road stretching across Mongolia. Only 1,600km of this distance is paved. In the countryside, you will be travelling across many different surfaces, from gravel highways to wide, open plains where the route is marked out by poles. The roads can be rough, and a level of discomfort can be expected.

In Ulaanbaatar, we use modern, air-conditioned coaches. Everywhere else we use sturdy 4WD vehicles, which best suit this terrain. Each 4WD vehicle will hold three passengers per vehicle and the National Guide will rotate from each vehicle to become the fourth passenger. They will drive in convoy and endeavour to stay within sight of each other throughout the day. Seatbelts are not compulsory by law in Mongolia and local people largely choose not to wear them. Wendy Wu Tours will ensure that the 4WD vehicles are fitted with seatbelts. Drivers often use seat covers to make their vehicles more presentable. If they obstruct your access to seatbelts, please request that they be adjusted or removed. It is recommended that where seat belts are available customers must use them and remain seated at all times whilst the vehicle is moving. Please see your National Guide if you have any concerns.

VACCINATIONS AND YOUR HEALTH:

Wendy Wu does not give specific health advice, but we do recommend you see your doctor at least six weeks prior to travel for advice and to allow time for any necessary vaccinations. Please remember to take your itinerary with you.

For more information, we recommend you visit the NHS Fit for Travel website <https://www.fitfortravel.nhs.uk/home>

ITINERARY CHANGES:

It is our intention is to adhere to the day-to-day itinerary as printed; however, the order of events or sightseeing may change as we look to improve our tours or as local conditions dictate; in these circumstances we will make the best possible arrangements whilst maintaining the integrity of your trip.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
