We believe that your flights are an essential part of your holiday experience, and so our carefully selected airlines offer the utmost comfort, allowing you to arrive relaxed, refreshed and raring to go.

All Your Meals

Awards are all well and good but it's our customer feedback that means the most to us.

"I thoroughly enjoyed my China/Japan trip. I would recommend Wendy Wu Tours and Royal Caribbean to friends and family looking to travel. Our guide in China, Frank, was excellent. Nothing was too much trouble for him. He was approachable and friendly and very well organised. His knowledge was excellent and he gave very thorough and interesting tour information. He made my trip really enjoyable – 5 stars for Frank please. The Royal Caribbean ship was also excellent. Beautiful, clean and tidy. Plenty of entertainment and 5 star cuisine."

Travel with purpose

For the last 25 years we've been taking groups of travellers to unique and spectacular places, and know full well how impactful, inspiring and horizon-broadening exploring the world can be. Over the years we have been building as many mutually beneficial, sustainable and responsible relationships as possible in the destinations that we visit, so they too are able to thrive.

Local Economic Empowerment

We believe travel should positively benefit the communities we visit. That's why we prioritise locally-owned restaurants, hotels, and experiences that support local businesses and create sustainable livelihoods.

When traveling with us, you help empower local artisans, entrepreneurs, guides, drivers and so many others, ensuring that tourism leaves a positive, lasting impact.

Respectful Cultural Experiences

We are committed to fostering meaningful, authentic, and respectful interactions with the communities we visit. Our tours are designed to celebrate local traditions, honour cultural heritage, and support experiences led by local experts. We encourage travellers to engage with an open mind, follow local customs, and contribute to the preservation of cultural identity in a responsible way.

Lower Impact Travel

We are reducing our environmental impact by building more rail journeys into our itineraries, and promoting low-season travel. Trains offer a greener alternative to flying, lowering carbon emissions while providing a more immersive travel experience. By promoting more departures in the low season, we also help ease pressure on popular destinations, support local economies year-round, and create a more sustainable way to explore the world.

Sustainable Tourism Education

We believe responsible travel starts with awareness. That's why we provide our travellers with practical tips on reducing their environmental impact and supporting communities in a meaningful way. Through pre-departure resources and on-tour guidance, we empower our travellers to make informed, sustainable choices that help protect the destinations we visit for future generations.
