**TAILORMADE LATIN AMERICA**

The very best of Latin America, exactly the way you want it

**WHAT IS A TAILORMADE HOLIDAY?**

Quite simply, a tailormade holiday is a journey designed and created especially for you. There’s no one-size-fits-all when it comes to travel so tailormade holidays are the perfect opportunity for travellers looking to embark on that once-in-a-lifetime adventure or epic honeymoon, for people who want to indulge their special interest, or for those who simply want to do things their own way.

**WHY TRAVEL TAILORMADE?**

You’re completely in control of the what, where and when. You can choose the pace, where to linger longer, where to pass through and where to bypass completely. The hotels (from comfortable to all out luxury), what and where you eat, the number of nights, when you depart, the sort of experiences that you’ll have, is all up to you too!

Whether you have a fully formed itinerary in mind, or just a vague inkling of what you want to see and do, one of our Personal Travel Specialists will be able to craft you something marvellous – with as much, or as little, input from you as you wish.

**WHY GO TAILORMADE WITH WENDY WU?**

We’ve long prided ourselves on our abilities to make extraordinary tours, so it goes without saying that we’re also pretty good at putting together tailormade ones. Our team of Personal Travel Specialists, who are wonderfully well-travelled and expert travel planners, are on-hand to advise and recommend – just let them know what you’re after and they’ll do the rest. With a wide range of accommodation options, private guiding when you want it and exceptional knowledge of local flavours and the most authentic local experiences, we’ve got you covered.

**How does it work?**

It’s really so simple – just follow the steps below:

1: **Research**

Do some research to decide where you want to go – it could be one, two or even more countries! Think about when you’d like to go, how long for and what your budget may be. For inspiration, you can always have a look at our website, or have a flick through our brochure and see not only the showstopping sights on offer, but the exciting and unusual experiences too.

2: **Call us**

Give us a call or fill in a quote request form on our website and we’ll call you! Together we’ll go through all your thoughts and ideas, making recommendations here and advice there. Also, don’t forget to mention if you have any specialist interests – you can’t live without your regular game of golf, or have a penchant for migratory birds – these are the little details we can use to make the holiday extra special.

3: **Sit back**

Tweak it, switch it around, change a hotel here, a meal there – you can make all the adjustments you need to make your trip exactly what you’re after. You can do this as many times as you like and take as much time as you need, we are extremely flexible and always happy to help.

4: **Perfect it**

When your adventure has reached that ultimate level of perfection and includes everything that you want and need, it’s time to book! Call your tailormade consultant, say the word and they will do the rest. Other than a visa form or two, all there is left to do is think about what to pack and get excited!

5: **Book it!**

The last frontier of travel surely must be Antarctica, and your journey begins as you cross the vastness of the Southern Ocean. This pristine wilderness remains an adventurer’s wonderland, remote, and untamed, from the stunning ethereal beauty of a gigantic iceberg, to the abundance of wildlife and tales of explorers from a bygone era. Antarctica is an awe-inspiring destination unlike any other.

Antarctica has a short season and the best time to travel is between November and March. Begin the season with birds and penguins courting and mating, whilst December and January experience 20 hours of sunshine, warmer temperatures, and the ice melting. Later in the season is the time for whale watching and seeing the penguin chicks fledging, while temperatures begin to drop again.

Life on an expedition cruise is unlike regular cruising, you will have the chance to enjoy lectures and workshops presented by the experienced Expedition Team whilst at sea. Spend time on deck looking for wildlife. Enjoy multiple landings, Zodiac cruises and have the choice of sea kayaking, paddle program (offered on some voyages), stand up paddle boarding, camping and Flightseeing (Ultramarine voyages only).

The vessels selected in the following pages are well-known, award winning and small. The fleet can accommodate between 128 to 199 passengers making it ideal for Antarctica expeditions. Small ships can take you to areas that larger vessels are unable to reach. Not all landings can accommodate large groups so smaller ships mean smaller groups thus leaving a smaller environmental footprint.
