Destination profile - China

China – China's civilization is the oldest in the world and has a history dating back over 5,000 years. With 56 ethnic groups, 22 provinces and 8 major dialects, China has a rich and varied culture and way of life and is home to a wealth of tourist sights and cultural relics which entice our guests to return again and again to this exciting destination.

Development in China - Though parts of China match the west in modernity and technological advances, it is important to remember that China is still a developing country and as such, many aspects of tourism in China do not have the solid infrastructure and safety standards as seen here in the west. It is important that our guests travel to China with an open mind and a sense of humour.

Roads in China - Roads in China have generally been improved over recent years, but traffic and/or weather conditions may extend driving times. Road construction work usually covers an enormous section of road – not just 1-2 kilometres as you may be used to. There may be sections of road where the surface may be comparatively bumpy but our drivers will do their utmost to lessen the impact.

Cuisine in China - Chinese cuisine is one of the most influential, diverse and flavoursome culinary styles in the world with a legacy stretching back thousands of years. Chinese dishes incorporate many spices and seasoning to create an explosion of flavours. Though Chinese cuisine can vary greatly from Chinese food we get in the UK, it is important to keep an open mind and be adventurous. Please be aware that dishes selected for your meals reflect the cooking styles and signature dishes of the local area you are in.

Tour Profile – Wonders of China

On our 'Wonders of China' itinerary, you will visit **Beijing, Xian, Guilin, Yangshuo** and **Shanghai**. You will also take a **4 night cruise on the Yangtze River**.

'Wonders of China' is a **comfortable paced** tour: the easiest pace of tour Wendy Wu Tours offers. As a whole, 'Wonders of China' requires a reasonable level of fitness. During your tour, there will be sightseeing on foot for a period of time and in some cases for an extended period of time. On the Great Wall of China in Beijing, some of the walking may be at more of an incline and on the Yangtze River Cruise and on the Li River in Guilin; you will be required to get on and off your boat.

Of course, our National Escorts and local guides will always endeavour to provide the highest level of service and assistance; however they cannot be expected to cater for customers who are unfit to complete the itinerary.
